Omit in Part III—Scene displaying the vengeance of the invader where a bleeding dead body is held up to view. This is gruesome. Part IV—Cut sub-title referring to "her sinful passion"....."Let me be thy handmaid alone to-night." Part V—Omit (a) Scene showing severed head rolling down from body and lying by couch. The head wrapped up in cloth and the face uncovered for a short time to the public gaze. The part showing the face itself should be cut out.
